
Joint UMAP: all cell-type clusters
HDRG
TabulaSapiens
pancreatic acinar cell
pancreatic ductal cell
intrahepatic cholangiocyte
hepatocyte
paneth cell of colon
intestinal crypt stem cell of colon
epithelial cell
transit amplifying cell of colon
enterocyte of epithelium of large intestine
intestinal crypt stem cell of small intestine
BEST4+ enterocyte
hepatic stellate cell
enterocyte of epithelium proper of jejunum
type B pancreatic cell
kidney epithelial cell
enteroendocrine cell of small intestine
paneth cell of epithelium of small intestine
large intestine goblet cell
small intestine goblet cell
enterocyte of epithelium proper of duodenum
retinal pigment epithelial cell
luminal cell of prostate epithelium
enterocyte of epithelium proper of ileum
epithelial cell of uterus
pancreatic stellate cell
bladder urothelial cell
basal cell of prostate epithelium
pericyte
Mueller cell
glandular secretory epithelial cell
smooth muscle cell
retinal bipolar neuron
bronchial vascular associated smooth muscle cell
tuft cell of colon
interstitial cell of Cajal
eye photoreceptor cell
stromal cell
ventricular cardiac muscle cell
supporting cell of vestibular epithelium
myometrial cell
regular atrial cardiac myocyte
intestinal tuft cell
fibroblast of cardiac tissue
alveolar adventitial fibroblast
stromal cell of ovary
myofibroblast cell
endothelial cell of lymphatic vessel
theca cell
C-PEP.ADORA2B
A-LTMR.TAC3
C-Thermo.RXFP1
tendon cell
C-PEP.TAC1/CACNG5
thymic fibroblast type 1
endothelial cell of vascular tree
C-Thermo.TRPM8
mesenchymal stem cell of adipose tissue
colon endothelial cell
C-PEP.TAC1/CHRNA3
connective tissue cell
A-PEP.KIT
thymic fibroblast type 2
fibroblast of breast
endothelial cell of arteriole
C-LTMR.GDH9
cardiac endothelial cell
A-PEP.SCN7A/TRPV2
ovarian surface epithelial cell
endothelial cell of lymphatic vessel
C-NP.SST
A-PEP.TRK3/S100A16
adventitial cell
capillary endothelial cell
natural killer cell
myoepithelial cell
C-NP.MRGPRX1/MRGPRX4
Ab-LTMR.CCKAR
plasma cell
mature NK T cell
C-NP.MRGPRX1/GFRA2
Ab-LTMR.NSG2
mesothelial cell
naive thymus-derived CD8-positive, alpha-beta T cell
Ab-LTMR.LGI2
luminal epithelial cell of mammary gland
A-Propr.TAFL/4
Schwann cell
sebocyte
Ab-LTMR.ETV1
A-Propr.EPHA3
activated CD8-positive, alpha-beta T cell
gamma-delta T cell
stratified squamous epithelial cell
tracheal goblet cell
progenitor cell of mammary luminal epithelium
activated CD4-positive, alpha-beta T cell
melanocyte
salivary gland cell
ionocyte
pulmonary alveolar type 1 cell
leukocyte
basal cell
T cell
A-Propr.Pruneron
duct epithelial cell
CD4-positive regulatory T cell
pulmonary alveolar type 2 cell
B cell
naive thymus-derived CD4-positive, alpha-beta T cell
tongue muscle cell
mucus secreting cell
thymocyte
conjunctival epithelial cell
enterochromaffin cell
plasmacytoid dendritic cell
respiratory tract goblet cell
CD4-positive, alpha-beta thymocyte
serous cell of epithelium of trachea
skeletal muscle satellite stem cell
langerhans cell
acinar cell of salivary gland
myeloid dendritic cell
colon macrophage
slow muscle cell
corneal epithelial cell
microglial cell
myeloid leukocyte
macrophage
fast muscle cell
mononuclear phagocyte
myeloid cell
myo-medullary thymic epithelial cell
non-classical monocyte
erythrocyte
acinar cell
ciliated epithelial cell
monocyte
erythroid progenitor cell
classical monocyte
hematopoietic stem cell
mast cell
hematopoietic precursor cell
basophil
oligopotent myeloid progenitor
platelet
lung multiciliated epithelial cell
granulocyte
multiciliated columnar cell of tracheobronchial tree
neutrophil
tissue-resident macrophage
peritubular myoid cell
spermatid
spermatogonium
spermatocyte
male germ cell
neuro-medullary thymic epithelial cell
