leukocyte
microglial cell
hematopoietic stem cell
innate lymphoid cell
plasma cell
common myeloid progenitor
myeloid dendritic cell
macrophage
erythroid progenitor cell
mast cell
mature NK T cell
monocyte
natural killer cell
granulocyte
CD8-positive, alpha-beta T cell
CD4-positive, alpha-beta T cell
myeloid cell
T cell
B cell
plasmacytoid dendritic cell
hematopoietic precursor cell
naive thymus-derived CD4-positive, alpha-beta T cell
non-classical monocyte
classical monocyte
regulatory T cell
colon macrophage
Schwann cell
intermediate monocyte
enteroglial cell
tissue-resident macrophage
mononuclear phagocyte
activated CD4-positive, alpha-beta T cell
basophil
Langerhans cell
naive thymus-derived CD8-positive, alpha-beta T cell
myeloid leukocyte
gamma-delta T cell
activated CD8-positive, alpha-beta T cell
hematopoietic cell
neuron
neutrophil
